February 2021 in the Cellar

During the last weeks of this month, we were working preparing the cellar to receive our new bottling line. Three brand-new high-tech machines will be incorporated to our production department. With this equipment we will be able to diversify our production with new formats and products. Many surprises are coming. Stay tuned!

Teroldego 2018

At the beginning of the month, we bottled a new vintage of Teroldego. This 2018 version was crafted with grapes grown in Clarksburg, CA, and masterfully blended with a touch of a fruity and crisp Merlot from Washington. After an aging of 24 months in American Oak, this wine evolved with intense and complex aromas and flavors such as raspberry, blackcurrant, oak, and espresso coffee. This wine will be released for our club members on March 1st of 2021. Cheers!

Tempranillo 2018

For our club member of April 2021, we bottled our exclusive Tempranillo Vintage 2018. This wine has intense flavors of black currants, plum, dark chocolate, herbs, and delicate hints of sage.

Tempranillo is the most famous wine variety in Spain. This vibrant and aromatic grape is used in the iconic wines from Rioja and Ribera Del Duero. The name is derived from the Spanish word "Temprano", referring to the fact that this grape ripens earlier than other traditional varieties in Spain. Enjoy our superb Lynfred Winery Tempranillo 2018 produced with grapes from Clarksburg, California.

2 Club Cuvee #2

This unique assemblage includes multiple vintages, five varieties and a long period of aging in American and French oak. The varietal composition of this outstanding blend is: Merlot 48% Teroldego 32%, Syrah 14%, Petit Verdot 4% and, Norton 2%. Grapes from Columbia Valley, Washington; Clarksburg and Lodi, CA, and Newton, IL.

Dark fruits, wild herbs and sweet oak aromas lead to a palate of cherries, plums, and mocha flavors. The Cuvee flavors are all luxuriously wrapped by firm and velvety tannins. Perfect and unique, this wine was created for those who enjoy elegance in a bottle. Cheers!

Mango

A new batch of one of the favorites fruit wines, Mango. This wine was made with fruit from Mexico. With rich aromas and flavors of ripe Mango, peach, and tropical fruits. Enjoy this sweet, crisp, and refreshing wine with your favorite dessert such as mango pie, apple strudel or baklava.

Raspberry Wine

This dessert wine is produced utilizing whole fresh raspberries. The plant is native to Europe and is now widely cultivated in many temperate regions all over the world. Main producers of raspberries are Poland, United States, Germany, and Chile. Enjoy our outstanding aromatic Lynfred Winery Raspberry wine, crafted with 100% Chilean raspberries. Cheers!

Blackberry Wine

During this month of February, we bottled a fresh batch of Blackberry Wine. Made with Blackberries from Mexico this wine shows rich aromas and flavors of blackberry, herbs, wildflowers, and earthy nuances.

Saludos from the Cellar,
Rodrigo Gonzalez
Head Winemaker
