Lynfred wines are masterfully crafted by Chilean-born winemakers Andrés Basso and Rodrigo Gonzalez. As an urban winery, we source the finest grapes from premier vineyards in Washington, California, Illinois, Michigan, and Chile. With a philosophy rooted in gentle processing and minimal intervention, Lynfred transforms exceptional fruit into wines of unparalleled character and elegance.

Each bottle reflects the unique artistry of our winemakers, blending tradition with innovation to create a Midwest legacy. No other winery in the region can rival the variety and craftsmanship of Lynfred's in-house creations under the expert guidance of Andrés and Rodrigo.
