

**Cellar Report | October 2026**

**PLUM**
October started with the bottling of a fresh batch of our beloved Plum wine, crafted from plums sourced in Colombia. This vibrant fruit wine offers refreshing aromas and flavors of ripe plum, red berries, and a hint of spice. Crisp, fruity, and wonderfully balanced, it showcases the natural character of the fruit while maintaining a bright, clean finish.

Plum wines have long been appreciated for their rich fruit expression and versatility. Our latest vintage highlights the beautiful sweetness and freshness that make this wine a perennial favorite among Lynfred guests.

**CHRISTMAS RED**
We are excited to introduce a gorgeous new release of our Christmas Red. Cheerful, festive, and full of holiday spirit, this seasonal favorite bursts with aromas of bright red berries, sweet cherries, and warm baking spices. The palate is smooth and fruit-forward, delivering flavors of raspberry, cranberry, oranges, cloves and cinnamon!

Christmas Red has become a cherished part of our holiday tradition, offering an approachable style that is perfect for celebrations, family gatherings, and cozy winter evenings.

**VIN DE CITY WHITE**
This month also saw the bottling of a new batch of our Vin De City White. Crafted from a refreshing blend of Sauvignon Blanc, Chardonnay, and Riesling grown in Washington's Columbia Valley, this wine is bright, aromatic, and delightfully fresh.

Inviting aromas of peach, lemon, lime, and green apple lead into crisp flavors of citrus, stone fruit, and orchard fruit. Light-bodied and refreshing, this versatile white showcases the vibrant fruit character and natural elegance that Columbia Valley vineyards consistently produce.

**ROSÉ**
October continued with the bottling of a fashionable new Rosé. Displaying a beautiful salmon-pink hue, this crisp and dry wine offers delicate floral aromas complemented by lively flavors of tart cherry and fresh red berries.

Elegant and refreshing, the wine finishes clean and bright, making it an ideal companion for a wide variety of foods or simply enjoyed on its own. Its balance of freshness and sophistication perfectly captures the style we envisioned for this new release.

**THE CRUSHING REPORT**
Harvest has officially come to a close at Lynfred Winery.

Our final fruit arrivals of the season came from Lodi, California, where we received exceptional Barbera and Petit Verdot. Both varieties showed outstanding varietal expression and concentration. The Barbera arrived with excellent natural acidity and vibrant notes of dark cherry and plum, while the Petit Verdot displayed deep color, firm tannins, and remarkable structure that will contribute richness and longevity as these wines mature.

This year also marked an exciting addition to our lineup of vineyard sources. For the first time, we welcomed Cabernet Sauvignon grapes from Sonoma County, California. The fruit arrived in beautiful condition, displaying elegant floral characteristics, refined tannins, and outstanding balance. We are excited to explore this new viticultural region and look forward to showcasing the distinctive character that Sonoma Cabernet Sauvignon can bring to our portfolio.

As harvest concludes, we are very pleased with both the quality and diversity of fruit received this season. From Clarksburg, Lodi and Sonoma, each growing region has brought its own unique personality to the wines now resting in our cellar.

It has been a busy and rewarding month in the winery. With harvest complete and many exciting wines now safely in our tanks and barrels, we look forward to sharing these new releases with you in the months and years ahead.

Cheers, Rodrigo

Lynfred
